

PERSONALIZATION YOUR WAY

Using a BMW ID allows the ultimate personalization for your BMW driving experience. For BMW vehicles equipped with iDrive 8 and with vehicle software 22-07 or newer, it is now possible to add your vehicle to your BMW ID from within the vehicle.

Please note: A BMW ID can be set up in the My BMW App, My Garage or BMW Financial services.

Please refer to "Log in with my BMW app" to follow the process for in-car login using the BMW app. Please refer to "Log in with BMW ID" to follow the process for in-car login using an existing BMW ID. Please refer to "Register now" to follow the process for in-car BMW ID registration.

LOG IN WITH MY BMW APP

1) If using the recommended method of in-car login, be sure to download the most recent version of the My BMW app on your smartphone and login to your account.

2) To begin this process, select the "Log in with My BMW App" option from the choices on the BMW ID/Driver profile menu.

3) Then, scan the QR code using your smartphone's camera or QR code reader to access the app. The QR code will open the My BMW App.

4) If necessary, use your BMW ID to log into the My BMW app, then go to the profile tab and tap the gear icon to access Settings. Once in settings, click on "Scan QR code (BMW ID)" and confirm the "start scanning" option on the following screen. Use your smartphone to scan the generated QR code on your iDrive 8. This may take a moment. The following screen will confirm that the BMW ID has been sent to your vehicle. Now, your BMW will be mapped automatically.

6) Follow the screens below to set a PIN. You have the option to set a PIN for a more secure account if your linked key is not present. You have the option to set a personal PIN via the dial or the PIN pad. Confirm the code.

7) Link key to automatically activate your BMW ID when locking/unlocking your vehicle using the key. If you choose to skip this step, your BMW ID will not automatically be the active user when entering the vehicle.

The PIN provides extra security for switching between BMW ID's.

8) To finalize the set up process, go into the BMW ID menu and select "Manage BMW IDs". Click on "BMW ID status" and scan the QR code with your smartphone's camera to finish adding your vehicle.

LOG IN WITH THE MY BMW APP (CONTINUED)

9) To finalize adding your vehicle on your smart phone, follow the prompts and agree to the "TERMS OF USE". The vehicle tab will then appear, indicating that the vehicle and BMW app are synced.

10) Now, the BMW ID is established in the vehicle and marked as the primary user account. From here, you can manage your BMW IDs which are mapped to the vehicle or you can access a guest account.

LOG IN WITH BMW ID

1) To begin the process of logging in to your vehicle using only your BMW ID, be sure to select the "Log in with BMW ID" option from the iDrive 8 menu.
